

A Two-Day Workshop on Structural Equation Modeling with Statistical Programme R

Date: 7 and 8 May 2018

Time: 09:30 – 12:30 (7 May)

09:00 – 12:00, 14:00 – 18:00 (8 May)

Venue: E33-3042, Faculty of Education

Language: English

Target Audience: All FED Postgraduate Students

(Priority will be given to current PhD Students)

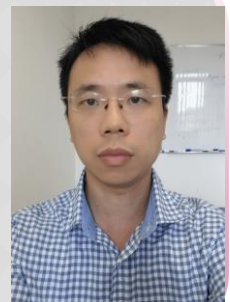

Online Registration: <https://goo.gl/qiJ5Wi> or QR Code

Structural Equation Modeling (SEM) allows simultaneous modeling of relationships among multiple variables. Its use is widespread in educational research.

Speaker

Prof. Chester Chun Seng KAM is an assistant professor in quantitative research methods in the Faculty of Education. His research is on the modeling of response styles using structural equation modeling and factor mixture modeling.

Remarks:

1. Registered students ***MUST*** attend the whole two-day workshop.
2. Prerequisite: Require thorough knowledge in Regression and Factor Analysis.
