

# Governance Crisis in EU

*Prof. Wolfgang H. Reinicke is the Founding Dean and Professor of the School of Public Policy (SPP), Central European University in 2011. He is also President of the Global Public Policy Institute (GPPI) and a nonresident Senior Fellow in the Foreign Policy Studies Program at the Brookings Institution in Washington, DC.*

## **Abstract:**

*It is now widely believed that the EU is in a deep governance crisis mode. The euro crisis has not been successfully resolved after 5 years, and there is the refugee crisis that further exposes the fundamental flaws of the EU design. How can EU as an institution move forward? How can coherent EU public policies be designed? Dean and Professor Reinicke will discuss such important issues from an European perspective.*
