Reform and Development of China: Past, Present and Future

(Updated as at 22nd November, 2018)

To mark the fortieth anniversary of economic reform, a workshop organized jointly by the Department of Economics, University of Macau and the School of Economics, Fudan University, intends to bring scholars to present their insights of the economic transformation of China over the preceding four decades. The feature of this workshop will be its comprehensive coverage of key issues involved in China's reform, including

- Reform from historical, institutional and global perspectives;
- National, regional and sectoral measures and progress of reform; and
- Experience and lessons of reform on long term development.
