SEMINAR SERIES No. 27/0910 *Information Systems*

“Research and Co-operation in Networking Analysis”

Prof. Wei Li

Professor
Department of Computer Science
Texas Southern University

Abstract

In this presentation, the speaker plans to give a brief introduction regarding his research objectives and major results in wireless and mobile networks, real-time and embedded systems, bio-molecular networks, and computer integrated manufacturing systems respectively. He will then like to explore various cooperation opportunities with attendees through detailed discussions.

Date: June 10, 2010 (Thursday)

Time: 10:30 – 12:00

Venue: J323

ALL ARE WELCOME!
